

## LIMITED DECLARATION OF CONFORMITY

### 18700 Range of Nickel-Metal Hydride Batteries

This is to certify that the above range of batteries produced and supplied by

#### One-LUX Limited

comply with BS EN 61951-2:2011

“Secondary cells and batteries containing alkaline or other non-acid electrolytes  
- Portable sealed rechargeable single cells”

Part 2: Nickel-Metal Hydride

The 18700 range of batteries is designed to be built into emergency lighting luminaires complying with Annex A of EN60598-2-22:2014.

One-LUX is not responsible for data which is dependent upon luminaire design and its final application.

Authorised signature:

A handwritten signature in black ink, appearing to read "G. Murray", written in a cursive style.
